

## ANIMAL MANAGEMENT

### TASK 1: ANIMAL LEGISLATION

Produce a poster or report on the five animal needs under the Animal Welfare Act and what people working with animals need to do in order to ensure they meet each need.

---

### TASK 4: ANIMAL BIOLOGY

Produce a report about the skeleton in four legged mammals.

Your report needs to include:

- A labelled diagram of the skeleton in a four legged mammal
- The main functions of the skeleton
- Outline the features of axial and appendicular skeletons
- The classification, structure and function of bones
