2022 - 2023

Welcome

At Halesowen College we aim to provide the very best education for each and every one of our students. You will be given every opportunity to excel and succeed, supported by our well qualified and highly professional teachers and support staff. The majority of our students progress to higher level courses, including university studies, and then into employment.

We have received excellent feedback from Ofsted and, for university level courses, the Quality Assurance Agency for Higher Education. Our students report very high levels of satisfaction with their learning and the College, and our achievement rates are amongst the best further education colleges in the country.

Getting Started: ID Badges

You should wear your student ID card at all times when you are at college.

- As part of our 'Ready, Respect, Safe' initiative all staff, students and visitors are required to wear ID badges at all times when they are at College. This is to ensure that only authorised people are on College sites.
- When you enrol on a College course you will be given an ID badge with your student number and photograph on it. You will need this card to access the College site, College coaches, computers, LRCs and other facilities at the College.
- You will also be given a lanyard so your ID is easy to wear, can be seen and won't get lost.
- We carry out random checks and if you do not have your ID card you will be expected to purchase a replacement card at a cost of £3.00 from Student Services.
- Temporary visitors to the College will be issued with a Visitor badge.

We partner with a coach service to deliver over 24 routes, that are constantly under review, to make sure we can offer the best service to as many learners as possible. If there isn't a route near you, speak to our Student Hub team who can advise you on discounted travel rates for students.

College coaches are free for all students who meet the requirements for attendance and behaviour. If you do not achieve these requirements your free travel may be removed. We appreciate that from time to time you may need to be absent from College for example hospital appointments and illness. Any concerns should be discussed with your personal coach.

We are an accredited College of Sanctuary, demonstrating our commitment to offering a safe and welcoming place for all, but particularly those who seek sanctuary. We are also Rainbow Flag Award holders, meaning we are committed to LGBT+ positive inclusion, and to improving the lives of our LGBT+ students, those from LGBT+ families, and LGBT+ staff members.

It is our mission to make every learner feel they are respected and valued as an individual, and we encourage you to get involved and have your say on the things that matter to you.

The College takes its responsibilities for safeguarding very seriously and is committed to working with local Safeguarding Children Boards, (which include the Police and Local Authority Children's Social Care) and complying with their procedures.

We take the safeguarding of young people seriously and all members are staff are responsible for ensuring that all learners are safeguarded.

You will be able to access the colleges safeguarding policy and behaviour policy via our web site.

You will be able to access the safeguarding team via email on the 'contact us' button – please let us know if you have any concerns or feel that you need some support with a particular issue. We will always follow our safeguarding policy and the rules regarding confidentiality – we may have to share information with external agencies.

We monitor all computer activity through eSafe, an online monitoring service. We are informed of any concerning activity that takes place as the system monitors every key stroke and search activity. When inappropriate / concerning activity is detected we will contact you to make you aware and talk to your young person.

We hope that by working in partnership with you, you will be happy, feel safe and secure at Halesowen College and become a confident and successful young adult.

Staying Safe

Health and Safety

We are committed to providing a safe place to study and work. The College will fulfil its legal obligations and will endeavour to achieve best practice where possible. Students should take care of their own health and safety and that of others who may be affected by your actions. You must also co-operate with the College to help us meet legal requirements, this will include following reasonable instructions and not interfering with or misusing anything that has been provided for health and safety.

Warning: Causing intentional damage or misusing any health and safety equipment is dangerous and may lead to prosecution

College Health and Safety Policies are located on the College Health and Safety Site: safety.halesowen.ac.uk. As a College we actively promote the reporting of accidents and near misses, if you see anything of concern you should report it on the Health and Safety Site above. Students are represented at the Health and Safety Committee by a member of the Student Ambassadors and if you wish you can pass concerns through them.

Pregnancy

If you become aware that you are pregnant at any point in your course you should speak to your personal coach or a member of our safeguarding team as soon as possible. The College will be able to conduct a risk assessment to determine if any adjustments may be required to keep you and your unborn baby safe from harm. This is especially important in courses with a practical element.

Fire Safety

If the fire alarm sounds, proceed immediately to the nearest fire evacuation assembly point. Fire instruction notices are by the doors to each block. Familiarise yourself with the fire exits. Your Personal Coach will explain fire procedures to you.

- · If you discover a fire:
- raise the alarm immediately by breaking the nearest break-glass
- get out of the building and go to the assembly point
- inform a member of staff
- · do not take risks

Personal Emergency Evacuation Plan (PEEP)

If you have any form of disability (temporary or permanent) that would impact on your ability to evacuate the building in the event of fire or emergency then you may need a Personal Emergency Evacuation Plan (PEEP). A PEEP looks at how you would know there is an emergency and how you would evacuate the building, be that with or without assistance. If you believe you need a PEEP you should let your personal coach know as soon as possible.

First Aid and Illness

- If somebody is injured or seriously unwell and requires a first aider while on campus you can:
- Ask any member of staff to call for a first aider (1111 on an internal phone)
- Contact Student Services in the Student Hub
- · Contact Reception
- First Aiders cannot help if you are not feeling well, they are there for accidents and emergencies.
- If you are feeling ill and need to go home, you can sign out with Student Services in the Hub.

Smoking

Smoking on College sites is not allowed. This includes e-cigarettes and vaping.

Prevent

In accordance with the Counter Terrorism & Security Act 2015, the College has a responsibility to prevent people from being drawn into extremism of any kind.

We raise awareness throughout the College amongst both students and staff through the tutorial programme as well as a range of additional sessions and activities.

If you have any concerns or questions you should contact a member of the Safeguarding team or talk to your Personal Coach.

Cyber Security

Like other forms of bullying, cyberbullying can seriously impact on the health, well-being, and self-confidence of those targeted. It is bullying using text messages/phone calls, picture/video clips on phones, instant messenger, email, chatrooms, web sites/blogs.

Anyone can become the target of cyberbullying. We take bullying seriously and always encourage students who are being targeted in this way to tell someone. We can then deal with incidents quickly and effectively as this is key to minimising harm in potentially highly stressful situations.

Bullying

Intimidating, taunting, the use of or threat of violence to any person, endangering the health and safety of others, criminal activity, or bringing the College into disrepute are examples of behaviour that will be treated by the College as gross misconduct and therefore likely to lead to suspension and/or expulsion.
